SHRINE AFFAIR TO BE BIGGEST EVENT OF YEAR

The Mexia Shriners opened up headquarters for the big circus in Room 1, Farmers State Bank Building yesterday in the offices of E. L. Crow, president of the Shrine Club.

A corps of Shriners and young ladies are busy, making typewriters hum and answering the telephone. For this is no small affair and requires a good deal of executive work and individual efforts of the Shriners and the cooperation of the various business interests in the city to stage the affair and make it a gala week long to be remembered in Mexia and its territory.

A large canvas sign painted in bright colors is being made available and will be swung in front of the Farmers State Bank when this item reaches the press, directing all interested parties to Shrine Headquarters, which will be maintained from now until the circus day which opens with a mammoth parade and the parade committee expect to invite the participation of every firm and organization in Mexia.

The business of the Shriners is to make it one of the biggest advertising weeks in the history of the city.

Every live business firm in town will be given an opportunity to have a part in this advertising campaign and they will be visited by a Shrine committee in due time, but the undertaking is so large that the opening of Shrine Headquarters was necessary to allow every one an equal opportunity to call at headquarters and have the plan explained in detail and a thorough and competent headquarters force await the call of those interested, otherwise in the course of time, an effort will be made to reach every interested firm in the city.

Reports reaching the News today are that the scheme is being well received by a number of business houses who have already signified their willingness to co-operate in every way possible to make it a big week for Mexia.

Thursday, May 15th, is designated as Karem day, at which time several hundred Shriners with Karem Shrine Land and Patrol will invade the city and fill the streets with bright red fexes and large crowds are expected for this day as it will be a day's free entertainment to the general public.

Ray Leannon, secretary of the club has sent a letter of invitation to the Corsicana Shrine club inviting them to come to Mexia on any day other than Thursday, which will be designated as Corsicana Shriners day.

Other live organizations will be invited and encouraged to participate in introducing their organizations in any creditable manner suitable to their peculiar organizations.

Rat, Lions, American Legion; all are invited to participate and are asked to get in touch with Shrine headquarters and submit their plans.

The local Elk Band under direction of Frank P. Werner, have been engaged to play for the entire week. Band concerts will be played on the streets daily.

THE WEATHER

East Texas.—Tonight partly cloudy, some but unsettled in east portion; cooler except on east coast. Wednesday partly cloudy and cooler in north.

West Texas.—Tonight fair and cool. Wednesday fair and warmer.

INDIANAPOLIS, April 29.—Emmett F. Branch of Martinsville, Lieutenant governor of Indiana, will become governor within forty eight hours, and Governor Warren T. McCray, convicted by a jury in the federal court, of using the mails to defraud, will resign, was made known today. McCray will not appeal the case, but will serve the sentence to be imposed upon him by Judge Anderson Wednesday morning. Plans are being made to take him to the federal prison at Atlanta on Thursday.

ADMINISTRATION OF WILSON IS ATTACKED BY GEOLOGIST

WASHINGTON, April 29.—The Wilson administration failed to protect fully the California naval oil reserves, Willard W. Coulter, geologist, charged before the Senate oil committee today. Before the republican administration came into office the government lost more than \$3,000,000 worth of oil by failing to drill proper offset wells in the California reserves, Coulter said. Adjoining Standard oil wells drained out the government oil from the reserves he contended.

Coolidge Charged With Pardoning Noted Character

WASHINGTON, April 29.—President Coolidge pardoned a Chicago saloon keeper charged with violating the Volstead act after the late President Harding twice denied clemency in the case, James A. Finch, pardon attorney in the Department of Justice, today told the Senate Daugherty investigating committee. Judge Kenesaw Mountain Landis, now base ball czar, who sentenced Philip Grossman, the saloonkeeper to a year in jail, was immediately subpoenaed by the committee.

McFall's Sister Is Now Under Physician's Eye

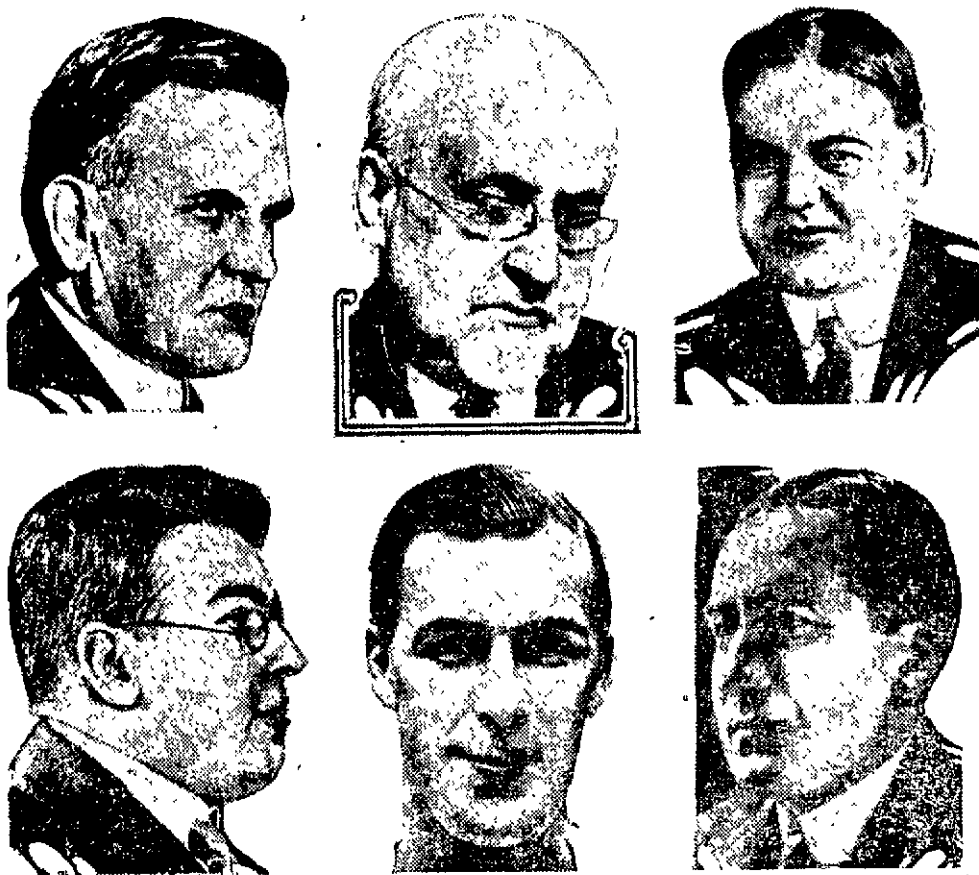

LOS ANGELES, April 29.—Mrs. Catherine S. Petty, 40, sister of former Secretary of the Interior Fall, is under observation by physicians today. Mrs. Petty was taken into custody after she was said to have flourished a pistol.

A most enjoyable family reunion was held Sunday in the new home of Mr. and Mrs. E. L. Crow on Ross Avenue. They entertained relatives of Mr. Crow from Waco. The party included Mr. and Mrs. A. J. Crow, parents; his brother, Cecil; another brother, N. P. Crow, wife and baby; and his sister, Mrs. Dick Elrod who was accompanied by her husband.

Judge G. A. Walters has returned from San Saba where he spent a week in court recently.

Joe Arrington and son, Oran, returned Monday night from Waco, Fort Worth and Dallas where they spent Monday on business.

CHIEF FIGURES IN THE NEWS OF THE DAY.

Above: IRVINE L. LEAROOT, EDWARD F. LADD, HERBERT HOOVER.
Below: EDWARD A. RUMLEY, WILLIAM T. TILDEN, GUGLIELMO MARCONI

Because of ill health, U. S. Senator Irvine L. Learroot, Republican, of Wisconsin, has resigned as chairman of the Public Lands Committee, investigating oil leases, and has been succeeded by U. S. Senator E. F. Ladd, Republican insurgent, from North Dakota. Secretary of Commerce Herbert Hoover, before the House Merchant Marine Committee, urged rigid Federal regulation to prevent monopoly of radio, particularly in the distribution of broadcast material. Guglielmo Marconi, noted Italian inventor of radio, spoke in London to broadcast listeners in the United States. President Coolidge has refused a pardon to Dr. Edward A. Rumley, purchaser, before the United States entered the World War, of the New York Mail, who was convicted of violating the Trading with the Enemy Act for failing to report details of the transaction. The Government alleging the money came from the Imperial German Government. William T. Tilden, world's champion tennis player, has been automatically barred from representing America in the Olympic games because he is a newspaper writer.

Big Delegation Of Shriners Are Expected Friday

In the midst of the circus campaign, the local Shriners are going ahead with plans to have their pre-ceremonial banquet at the Hurdleston Hotel, where they expect to entertain 150 Shriners and ladies Friday night, May 2nd, at which plans will be furthered for all Shrine activities in the city and the pilgrimage to Waco May 8th, at which time they expect to advertise circus week in Mexia extensively by displaying stickers on the 75 or 100 automobile caravan they expect to run from Mexia to Waco to attend the pring ceremonial of Karem Temple.

The Shriners of Mexia are turning every wheel in an effort to be a real factor in boosting and helping make a bigger and better Mexia. The success of the circus week, which is assured will give the Shriners an opportunity to show all Mexia what they can do by working as a unit. They are to be encouraged in all worthy efforts put forth by them.

Britisher Weds Rich American

ASHVILLE, N. C., April 29.—Two of the loveliest families in the United States and Great Britain were united here today with the marriage of John Francis Cecil and Miss Cornelia Vanderbilt. Cecil announced his resignation from the British diplomatic service before the ceremony, and after the honeymoon in Europe will return here to help the bride administer her vast estate.

Postmaster Isidore Newman states that there will be a civil service examination for postal clerks held at the Post Office here on May the 17th. Any interested may secure further particulars from him

HARDY EUBANKS HEADS ROTARY FOR COMING YEAR

At a meeting of the new directors of the Mexia Rotary club, held Monday afternoon, announcement is made that the following officers were elected who will be installed at the meeting this week:

Hardy Eubanks, president.
J. W. Elliott, secretary.
Jack Womack, treasurer.
Dick Wagner, sergeant at arms.

Hardy Eubanks succeeds Albert H. Berry as president. Both hold 100 per cent attendance records.

J. W. Elliott of the Texas Company succeeds Ben Stollenwerk as secretary. Dick Wagner succeeds Fred Karner as Sergeant at Arms.

It is announced that the luncheon this Thursday will be held at the Texas Cafe in the Hurdleston Hotel building. Next week the luncheon will be Wednesday.

HOPE ABANDONED FOR 110 MINERS TRAPPED IN MINE

BENWOOD, W. Va., April 29.—No hope was held out today for the rescue alive of 110 miners entombed in the Benwood Hill mine of the Wheeling Steel Corporation, by a terrific gas explosion that tore down the mine supports, letting loose tons of earth on the entombed men. Officials of the mine said it would be a miracle if any of the miners escape alive. Twenty two crushed and burned bodies were brought to the surface at dawn today from the workings.

Poultry Experts In Mexia to Aid Interested Folks

For the first time Poultry raisers, and those who are interested in poultry raising in Mexia, and vicinity, have the opportunity of securing the services of real experienced women who have been and are still raising poultry. These women through years of study, and years of actual experience have gained knowledge of poultry which the average person only gets through experimenting and very often very expensive experimenting at that.

Just this past year there were eggs sold in Mexia that were shipped here from the state of Kansas. This happens practically every year. Texas did not produce as many eggs last year as Texas people consumed. Is it any wonder that they are high during the winter months? Although eggs are now seemingly cheap selling at 20c and 25c per dozen, judging the future by the past they will be 60c to 70c next winter.

It has been proven at our Agricultural College and by a few poultry raisers near Mexia, that with the proper care and feeding chickens will lay during the winter months.

The Tidwell Feed and Fuel Company by a special arrangement with the Furina Mills have secured the services of Miss Clark and Miss Scoggins for the poultry raisers of this vicinity. These ladies will gladly go to any place in Mexia or any place within five miles of Mexia and help you in any way they can with your poultry, absolutely free. If you want to cull out the undesirable hens from your flock, select the best eggs for setting purposes, make your baby chicks grow faster, plan the care and feeding of your chickens so they will lay more eggs during the months when they are highest, these ladies are here to help you and their services are free.

Mr. Tidwell states that a free educational picture will be shown at one of the local theatres soon. This pic-

Four Mammoth Tanks Burn And Still Sweeping

TAFT, Calif., April 29.—Fire, sweeping four mammoth oil tanks of the General Petroleum Corporation here caused damage of \$300,000.00. More than 120,000 barrels of oil in the tanks when the blaze started.

Oil Companies on Trial For Anti- Trust Violations

AUSTIN, Texas, April 29.—Hearing is on before a special commissioner here in the cases brought by the attorney general against the Gulf Production company, the Texas company and the Producers' Oil and Refining company charging violation of anti-trust laws. The state contends the oil companies entered into agreements with retailers of gasoline and lubricants to furnish them with pump equipment in return for exclusive sale of the companies products. Such agreements, it was maintained, were in restraint of interstate trade.

National Bank Can Act As Executor

WASHINGTON, April 29.—A national bank cannot be denied the privilege of exercising trust powers by the laws of a state, the supreme court has ruled. Decision was handed down in the case of the Burns National bank of St. Joseph, Mo., which had been prohibited from acting as an executor under Missouri laws by the Missouri supreme court. The bank appealed on grounds that national banks, operating under federal statutes could not be regulated in this respect by state laws.

REVOLUTIONISTS CAPTURE TEGUCIGALAPA, HONDURAS

WASHINGTON, April 29.—Revolutionists have entered Tegucigalapa, capital of Honduras, according to word received at the State department. Dispatches from American Minister Morales stated that severe fighting occurred in the streets of the city. The revolutionists are in possession of the capital. Americans were reported safe.

T. E. L. CLASS PLANS OUTING NEXT TUESDAY AFTERNOON AT REUNION GROUNDS NEAR MEXIA

Miss Catherine McGrail announces that the T. E. L. Class of the First Baptist Sunday School will hold a Mother's Day Picnic at the Reunion Grounds next Tuesday afternoon.

The members of the class will entertain their mothers and all other ladies in the city who have reached the age of 60 years.

They plan to make the affair one of the most enjoyable in the history of Mexia mothers. Miss McGrail is arranging for transportation for everyone who attends and volunteers are called for to furnish automobiles for the attendants. There will probably be between 200 and 250 present.

The date of its showing will be advertised in this paper.

Light Vote Is Predicted In Elections Today

COLUMBUS, Ohio, April 29.—A light vote is forecast in Ohio's primary today as the voters went to the polls to indicate their preference for republican and democratic nominees for president. Interest in the primary centered on the contest between Former Governor James M. Cox and William G. McAdoo on the democratic ballot, with Cox, a native son having the edge. President Coolidge is picked to win over his opponent, Hiram Johnson, by an easy majority on the republican ticket.

TEXAS BOUNDARY SUIT TO OPEN IN EL PASO MAY 5TH

AUSTIN, Texas, April 29.—The taking of additional testimony in reopening the New Mexico-Texas boundary suit will start in El Paso May 5th, Attorney General W. A. Keeling announced. The hearing will be conducted by the attorney general.

Texas Oil Promoter Goes Leavenworth

MILWAUKEE, Wis., April 29.—Edwin C. Kingsbury, Fort Worth, Texas, oil promoter, must serve two years and six months in Leavenworth penitentiary, and pay a \$5,000 fine. Kingsbury was sentenced here by Federal Judge F. A. Geiger after pleading guilty to charges of conspiracy in misusing the mails in sale of oil stocks in Wisconsin.

NATIONAL GUARD OFFICERS CONFERRING

SAN ANTONIO, Texas, April 29.—Major John A. Eulen, Houston, commanding 36th division, Texas National Guard and Adjutant General T. D. Barton, arrived here today for a conference with officers of the Eighth corps area. U. S. army, relative to national guard matters.

as the maximum membership of the class is more than 80. Miss McGrail urges the mothers of Mexia and the ladies of the city of 60 and above to be sure and accept the invitation. Mother's Day Sunday is the Sunday following the picnic date.

The picnic will begin at 2:00 o'clock in the afternoon and will continue until 6:30 or 7:00 o'clock. Miss McGrail states that the transportation committees will see that all who desire, get home before nightfall. An old fashioned basket picnic will be enjoyed and an informal good time had by all. The T. E. L. class is composed of young mothers of the Baptist church Sunday school.

The road to the Reunion Ground will be open and automobiles may journey to the picnic spot the usual route. The outing is looked forward to with much pleasure by the class.

Entered as second-class matter, February 26, 1919, at the Postoffice
at Mexia, Texas, under the act of March 3, 1879.

The Duke of Northumberland, editor of the London Post, one of the greatest conservative papers in Great Britain, asserts that England made a mistake when it joined the League of Nations. He asserts that "the settlement of Europe was delayed for many weeks in order to incorporate the covenant in the peace treaty," and that "the great powers embarked on the scheme in which few, if any, had any real faith." He ridicules the theory that the League is founded on the principle of equality—that each nation has one vote, that Ecuador is the equal of Great Britain. He denounces such a condition as absurd and a lie. The Duke of Northumberland boldly declares that the peace of Europe is only possible when Great Britain has the most powerful army and navy in the world.

NEW ROTARY OFFICIALS

Hardy Eubanks is the New Rotary President. According to the custom of the club, no President can succeed himself. It is a one term job and for that reason, the honored officer usually gives to Rotary and to public service the best that he can command. The motto of Rotary International is "Service Above Self" and naturally the president of such an organization should be an outstanding leader who practices the precepts of Rotary in this respect.

The directors, therefore, have acted wisely in choosing that 100 per cent Rotarian, Hardy A. Eubanks to succeed other 100 per cent Rotarians, Al. H. Berry. Their initials, as will be seen, are the same but different. Their attendance records are the same and an inspiration to all Rotarians.

Any leader of any organization or any enterprise must first be sold a proposition before he can sell it to the other fellow and both the outgoing and incoming President of Rotary has been sold the ideals of Rotary and therein the club has had a most successful past history which will be continued throughout the coming twelve months.

The club is to be congratulated for its wise choice of all new officials. They in turn have been greatly honored and whatever good Rotary accomplished for Mexia the coming year will be due in no small way to the influence and activity of these men and genuine Rotarians.

They are entitled to the 100 per cent cooperation of the entire membership. Give them that. Mr. Rotarian, and Rotary will be a benediction to the best city in the world.

Books of Information at Library.

Cabwell, Otis W.—Science Remaking the World. The story of the wide range of modern science and its influence on every phase of human life. Some of contents: Galaxies as a world power; The influence of contact on civilization; An investigation on the epidemic of influenza; Our present knowledge of tuberculosis; Educational value of botanical gardens; The meaning of evolution; Insect sociology; How the forests feed the clouds, etc.

Ross, Edward H.—The Social Trend. Professor Ross is both entertaining and instructive on such subjects as immigration, the changing position of women, philanthropy, prohibition, labor legislation and war, or the social

usefulness of lawyers and experts." Hammond, John Hays.—The Engineer. The purpose of this book is to make clear to the young man who is interested in engineering the advantages and short-comings of the profession and what determines his mental and temperamental fitness for it. The mechanical, electrical, mining, civil, chemical, military and marine branches are taken up in details with special attention to the opportunities in each.

Croft, Terrell.—American Electricals Hand Book. In compiling this book the aim has been to collect such information as will enable practical electrical men—wiremen, contractors, linemen, small plant superintendents, operators and construction engineers—to select and install commercial, electrical apparatus and materials intelligently for the performance of given services and to qualify them for operating the equipment after it has been installed.

Field, Webster Bard.—Architectural Drawing.—An effort has been made in the preparation of this book to provide for the student those things which are of fundamental importance in his initial study of architectural drawing. Though prepared primarily for the student, it will be invaluable to any one who deals with architectural work. It will enable the artisan in any of the building trades to read the drawings and take off the quantities of his work for estimation purposes and then execute the work without being dependent on another for interpretation of the drawings.

For view of the controversy raging in the churches, religious books have taken a leap forward in popular interest. In order that each side of the question may be represented, we have added to our shelves books by the two authors who may be termed the leading exponents of the two sides of the discussion.

Bryan, William Jennings.—In His Image.—"Defends the authority of the Bible and attacks the doctrine of evolution as subversive of faith."

Tusdick, Harry E.—Christianity and Progress.—The gospel in terms of current thought.

Fabre, J. H.—Social Life in the Insect World.—Since days of Solomon the communal organization of insects has fascinated the minds of men. This study of the social life of insects offers a striking comment on the defects and virtues of our more intellectual society.

De la Mere, Walter.—Come Hither. About five hundred lyric imaginative poems that not only reveal Mr. De la Mere's outlook on poetry but stimulate the readers interest and intrigue his fancy.

McFarland, J. H.—The Rose in America. A guide that makes easy the growing of good roses, everywhere in America—tells definitely how, what and where to plant, how to care for, bud and prune. Of great practical value to American rose growers.

Gelster, Edna.—It is to Laugh. A book of games and stunts, written in answer to numerous requests from those interested in recreation work in churches, communities and every kind of social service work.

W. E. McKinney is in Marlin to look after oil field interests and preparatory to the drilling of another well there.

I would be true,
For there are those who trust me;
I would be pure,
For there are those who care;
I would be strong,
For there is much to suffer;
I would be brave,
For there is much to dare;
I would be a friend to all,

Again we say it, names are misleading. The dispatches tell us that there is only one saxophone in Saxony. And if the Saxons are as sagacious as they ought to be, they'll sack that saxophone.—Honey Grove Signal.

The editor of the Signal lays himself open to the charge of being without musical taste, and the man "who has no music in his soul is fit for the measles, rheumatic pains and boils." The editor of the Signal has been indisposed for sometime, but whether he has any of these afflictions dependent sayeth not.—Terrel Transcript.

Some investigative paragrapher has reached the conclusion that the affinity existing between colored folks and chickens is that one descended from Ham and the other from eggs.—Sam Miller in Mineral Wells Index.

Another tragedy from accidental discharge of a pistol in gunplay comedy. A young wife, a bride of a few days is killed, a nineteen-year-old boy husband left with the memory of the fatal scene, a blot on life, for him. It may be best to forget such tragedies, and yet it seems that we forget too easily, in failing to forget we might be more careful. This is the same old story of not knowing the gun was loaded. The two, boy and girl, husband and wife, over at Mineral Wells, played at pointing a pistol at one another and calling for hands up. The gun discharged and the bullet pierced the heart of the girl.—West News.

Furthermore, we contend that every married man ought to insure his life for as much as he owes on his automobile.—Snap Shots.

A good use for old newspapers, says a wise housewife, is to make fire kindlers of them, by wetting them thoroughly, rolling them tight with a slight wringing motion, and letting them dry, the result being something like a stick about ten inches long. Many northern housewives do not buy any kind of wood at all, because they are able to supply their needs in this way. It is good to know that, no matter how bad a newspaper may be, per se, it might, at least, be made to serve a useful purpose in this way.—Bryan Eagle.

Things to Forget.
"If you see a tall fellow ahead of a crowd,
A leader of men, marching fearless and proud,
And you know a tale whose mere telling aloud
Would cause his proud head in anguish to bow,
It's a pretty good plan to forget it.
If you know of a skeleton hidden away,
In a closet, and guarded, and kept from the day,
In the dark; and whose showing, whose sudden display,
Would cause grief and sorrow and life long dismay,
It's a pretty good plan to forget it.

If you now of things that will darken the joy,
Of a man or woman, a girl or a boy,
That will wipe out a smile, or the least way annoy,
A fellow, or cause any gladness to cloy,
It's a pretty good plan to forget it.

W. W. HISTORY CLUB
HOLDS MEETING FRIDAY

The Willing Workers History club held its meeting Friday. The house was called to order by the president, Pauline Parker. As the secretary was absent the minutes were not read. The business was that Saturday we were going on a picnic to Wright's tank. The program committee, Helen Ward, took charge. The program was as follows:

Texas Monday turn to shrine of heroes of San Jacinto Battle.—Parley Lain.
Life of Sam Houston.—Evelyn Knoff.
That Young Leader.—Darwin Walton.
San Jacinto Foreshadowed.—Gathright Henderson.
Texas Crowned with a Single Star of Glory.—Ellen Speer.
Reading—"Tom Boy."—Pauline Parker.
Chicago Fire Believed Work Incendary.—Lorena Cox.
This concludes the program and they elected a new president, Parley Lain.

Railroads are vehemently asserting that the "farmer pays the freight only one way." He certainly has to pay the freight on his wheat to Liverpool, because he has to sell it there for what the foreign farmers will take for theirs after paying the freight. Then he has to pay freight on the goods which he buys and which must be carried to him. The farmer pays all right for nobody is handing it to the railroads and they are not in business for the glory.

PROPERTY VALUATION OF SIXTEEN TEXAS BAPTIST SCHOOLS IS \$9,000,000

DALLAS, Texas, April 29.—There are sixteen schools in Texas under the control of the Baptist General Convention of Texas including the professional schools of the State, having a total property valuation and endowment of \$9,466,742.18. Dr. F. S. Grover, general secretary of executive board of the Convention reports, this amount approximately \$1,250,000 is endowment. The schools have doubled their property values since the opening of the Baptist 75 Million Campaign in 1919. At that time the property of the schools was valued at \$4,022,579.48 with endowment totaling \$931,000.

There are twelve schools in Texas under Baptist control at the beginning of the campaign, including the schools of medicine and dentistry of Baylor University, located in Dallas. Since that time the schools, of pharmacy and nursing have been established under the direction of Baylor University.

There are more than 8,000 students enrolled in the Baptist schools of this State this year while at the outset of the campaign denominational institutions registered 6,200 students. The number of ministerial students in Texas Baptist schools in 1924 is 623 and in 1919 the number was 416. There are 608 volunteers for special service

ROAD TO GROESBECK OVER PAVING BASE IS NOW OPEN

The road to Groesbeck was opened Sunday to traffic and travel. This week sometime, it is expected that the Uvalde Paving Company will begin pouring the asphalt, which will transform the road for almost five miles into a pavement like the streets of Mexico. The road will remain open as far as the Pershing Way until that point is reached, so parties to the reunion grounds, will be glad to learn this as well as the usual travel.

Dr. Z. T. Goolabry has moved his old house to a lot just off Ross Avenue and will soon begin the erection of a new home on the vacated lots. He has moved his family to a rent-house that he owns just south of his old home.

Springfield Lodge A. F. and A. M. conferred two Masters degrees last night. The lodge will not meet Wednesday night, as the Knights Templar will meet that night, but will meet Thursday night for degree work.

Few Folks Have Gray Hair Now

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—(Adv.)

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn that it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famous harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.—(Adv.)

Officers Capture 2nd Still of Week

Deputy Sheriff Jack Bradley, McMenis and Goodman, accompanied by County Attorney Scott Reed captured a still about one and one-half miles south of Cleburne Sunday morning about 11 o'clock. The still, according to the officers making the raid, was of about 60 gallon capacity and was one of the most complete equipments for the manufacture of the illicit beverage that they have captured in some time. About one gallon of corn whiskey contained in two one-half gallon jars, was taken officers reported. With the still was three barrels of mash and three sacks of sprouted barley or rye. No one was captured at the still but a party reported to own the still was taken about 12 o'clock Sunday night after a chase by the officers. This makes the second still taken by the officers during the week just past.

Add Driving To The Curriculum

SAN MARCOS, Texas, April 26.—Two of the most unique courses to be offered in the coming summer session of the Southwest Texas State Teachers College are those of automobile electricity and automobile shop work.

The laboratories for this work are now housed in a commodious brick building which has been erected recently. Orders have been placed during the past month for fully \$1,000 worth of new equipment. With this addition to an equipment which is already considered excellent, the Teachers College will possess automobile shops second to none in this part of the State.

Students who take the courses mentioned above will have the advantage of being under instructors who are practical mechanics, one of whom spent several months during the war as a teacher of electrical work in the government school at Camp Mabry.

These courses given this summer in automobile shop work, since they cover a period of twelve weeks from June 3 to August 23, will thoroughly ground the average student in auto repair work. Although these courses are designed primarily to benefit physics and manual training teachers, they may be taken to advantage by those who desire to follow automobile mechanics as a profession.

Why Not Ask The Prince of Wales to Come and Join

DALLAS, Texas, April 29.—Dallas society folk will be seen in a fashionable riding show here soon.

Elaborate plans for an exhibition of fancy riding, polo games and a steeple chase by members of the Dallas Bridle and Saddle club are under way, according to Otto Herold, president.

"The club members are already training their mounts for the show," Herold said, "and dates will be announced soon. It will be the first exhibition of its kind in Texas."

The Dallas Bridle and Saddle club, with ninety-two members, was organized by aristocratic horse-lovers of Highland park, fashionable suburb. Forty blue-blooded horses, many of them show-winners, are put through their paces in Mocking Bird lane daily by club members and trainers.

The club boasts a jumping course, a three-quarter mile track and a steeple chase course of four and a half miles. It is said to be the finest riding club in the South.

EABE RUTH BEGINNING TO GROW UP

By HENRY L. FARRILL
(United Press Sports Editor)
NEW YORK, April 28.—He's beginning to grow up now and he's in shape. You just watch him to this year," Millie Huggins, manager of the New York Yankees, said when asked about the Babe's prospects for the 1926 season.

"Ruth always will be a boy at heart," he said. "He wouldn't be what he is if he had lost the enthusiasm, the temperament or the viewpoint of a youth. He's getting more serious now about his future, and that is what I meant by saying that he is beginning to grow up."

Up until last year the Babe acted like a boy who didn't realize that the land of plenty, in which he was living, was not permanent. He had plenty of money and he spent it all on friends who were eager to help him in the spending.

In the parlance of Broadway, he was a "check-grabber." He wouldn't understand why he should not be permitted to pay all the freight and be a good fellow when he was on parties with the gang. He found himself broke, saw himself in the light of a sucker and he quit it.

After he had fought Jack Dempsey in Shelby last summer and failed to get a cent for staying fifteen rounds with the world's champion, a friend

THE SURRENDERED CHECK

In these days and times, when most people pay their bills with checks on the bank, there is much less lawing and going to court. "I have my 'surrendered check' to prove that I paid it" is the defense a man makes when he would dispute an account.

The surrendered check—the check returned by the bank to the one who drew it, is a BETTER BOOKKEEPING record than the majority of men have, the surrendered check is often the real proof in establishments which do keep their books.

PENDERGAST-SMITH NATIONAL BANK

Since 1882—The Old Reliable

remarked to Tommy Gibbons that it was hard luck on him.

"It's not my bad luck," Gibbons replied, "it's bad luck for my wife and my three little boys. It would have been their money, not mine. I have enough to take care of myself, but it is my duty to provide for them."

The Babe didn't say anything like that last fall, but he did something that meant just as much. When the season closed he called Harry Hellman star Detroit outfielder, who had beaten him out for the American League batting championship.

"Take out the old papers, Harry, I want to buy some insurance."

When he is not working at baseball, Hellman is an insurance salesman, and a good one, too. He drew out the application blank and Babe said:

As might be expected, he passed the physical examination and was accepted by the company for the full amount of the application.

When the policy had been turned over to him, the Babe let out a big sigh and said: "Now, I feel a whole lot better. There's sure to be something for the wife and little Dorothy when I leave."

That, perhaps, was one of the demonstrations that Ruth gave his manager as the symptoms of growing up.

Investigators assert that if the United States were to lower its immigration restrictions, two-thirds of the population of Europe would be looking for America in six months. It is stated that 500,000 Greeks desire to emigrate to America and the consular offices are besieged day after day by men, women and children, waiting their turn to sail for this country when the quotas were opened.

In Stockholm, Sweden, people live almost exclusively in flats.

Patterson's Column

I really am a busy man yet like to frolic when I can. So when my wife admonished me to try more sociable to be, I straightway followed other dubs and bought a bunch of golfing clubs. I took them out upon the links among a lot of other gunks and placed my ball upon the tee—and made hole one in ninety-three.

Now I am strong for any game that looks like sport and ain't too tame, but when a man who's sixfeet three or four and weighs as much as me—picks on a one inch rubber ball to cuss and clout and slam about, it seems like foolishness, that's all.

DON'T OFFER EXCUSES

The boy or girl, who is always conscious of their pimply, blotchy, inflamed or rough skin, and really drawing more attention to it when they keep making excuses for not looking good, don't get any sympathy because folks now know that it is not necessary to keep putting up

with this sort of thing.
Since the wonderful Black and White Ointment was introduced in this country a short time ago, thousands of people who had been troubled with these skin ailments for years are now happy, because they find it gets rid of them so quickly.
Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the liberal 25c size. All dealers have it.—(Adv.)

FOR BOYS OR GIRLS A \$55.00 BICYCLE FREE

In The Mexia Daily New's 1924 Campaign
Collect no money in city—our special collectors will attend to that. Bicycles delivered as soon as subscriptions to the Daily News have been received and approved.
No Limit to the Number of Bicycles to Be Given Away--Every Boy and Girl Can Win One

Not A Contest

Don't confuse this subscription campaign with a contest. You don't have to get more subscriptions than some other boy or girl to earn your Bicycle. There is no lottery about it. Just get new subscriptions for The Daily News for 12 months each, and the Bicycle is yours. Could any proposition be fairer? There is no need to wait longer. You want the Bicycle, and the sooner you begin work the sooner you earn it. Begin now.

PAY NO MONEY! COLLECT NO MONEY!

In Mexia—Outside of City Send Cash.

After you get your subscription book, all you have to do is to get signatures from your friends and neighbors that they are willing to have The Daily News delivered at their homes every day for 12 months. All you have to do is to send in the orders as fast as they are signed. You get your Bicycle as soon as your subscription book is filled and the orders are verified.

HOW AND WHEN

Twenty-five subscriptions for 12 months must be obtained for the Daily News. These subscriptions must start at once. These subscriptions are for new subscribers—people who are not now receiving The News. Any boy or girl can enter this campaign. Get your subscription blanks and start at once. Be one of the first in and get your bicycle.

Conditions of the Bicycle Campaign

The subscription must be secured for 12 months and turned into the Circulation Department of The News for verification and acceptance. In Mexia boys and girls will not have to collect subscription money, simply secure the signature of prospective subscriber, and turn this in to the city circulation department.

No age limit is set, just so long as the boy or girl has not reached voting age, for this is a campaign purely and simply for boys and girls. The Bicycle is available in three sizes—this applies to wheels for both sex.

Each winner will be presented with his or her bicycle immediately after verification of the subscriptions.

This is copy of agreement the subscribers sign. You do not collect any money. The subscriber pays our special collector each month in advance or 3, 6 or 12 months as they want. The subscriber must sign their own name and address and then you sign your name on the line below the address. Don't save your orders up but bring them in to the office each day. CORSICANA, Texas, April 28.—The Corsicana Oilers continued their rampage in the Texas Association by defeating the Marlin Bathers 8 to 1.

Joe Cantrell held the visitors to three hits. Barrett, right fielder of the locals, featured with his sensational fielding.

Peel, With the games which the Gushers won Monday the standing of the team is now .500. The boys seem to have got things started their way now and they ought to go good.

1,330 persons paid admission to see the opening game at Corsicana. Counting everyone in the park it was estimated that 1450 saw the game. So long Corsicana. The northernmost city may be close to the lead in the pennant race so far but it is left way behind in the race for the cup.

The Marlin Bathers began a series of three games with the Corsicana Oilers at Corsicana Monday.

The Bathers are stinging from the affects of three consecutive defeats this season and they ought to give the Oilers a tough time of it.

There must undoubtedly have been a good deal of action in the game Saturday at Austin. Thirty hits should keep the players stepping around some.

Peel started the Gushers off in good fashion last Saturday. If the rest of the Gushers twirlers do as well considering their experience the club should get up near the top in the race before the season gets very old.

The Gushers began a three game series with the Temple Surgeons Monday.

The Oilers have added another right

Evidently the telegraph operator at the other end of the line got things mixed up badly when he reported the outcome of the game to Mexia's operator. With the runs coming in so fast it is easy to see however, why he got the facts in a muddle and credited Mexia with only ten runs of the sixteen really scored. Also there were twenty hits scored against the Rangers who got only half that many off

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is to take your hands off and bring them in and we furnish the rivets and put them on free of charge.

EDITOR GETS IN BAD

An Oklahoma editor, just about ready to go to press, "pied" a couple of articles, one concerning a public sale and the other a write-up of a wedding. He asked the office devil to get the two together—and he did. Here is how he put the two together, and the mixture was not known to the editor until an angry preacher and the mother of the bride appeared on the scene:
"William Smith and Miss Lucy Anderson were disposed of at public auction at my barn one mile east of a beautiful cluster of roses on her breast and two white calves before a background of farm implements too numerous to mention in the presence of about seventy guests including two milk cows, six mules and bob sled. Rev. Jackson tied the municipal knot with 200 feet of hay rope; the bridal couple left on one John Deere gang plow for an extended trip with terms to suit the purchaser. They will be at home to their friends with one good wheel barrow and a few kitchen utensils, after ten months from date of sale, to responsible parties and some 50 chickens."—Ex.

CITATION BY PUBLICATION
The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:
You are hereby commanded to summon John H. Brown and M. J. Kallett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the First Monday in May, A. D., 1924, the same being the 5th day of May, A. D., 1924, and there to answer a petition filed in said court on the 11th day of April, A. D., 1924, in a suit, numbered on the docket of said court as No. 4450-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J. Kallett are defendants, and said petition alleges:
That plaintiff at the instance and

request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of \$1818.09, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 28, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52 1/2 east, 437.7 vrs. from the southwest corner of the tract which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35 1/2 west with Danciger's northeast line, 356.7 vrs.; Thence north 52 1/2 east, 168.2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. L. Sprinkle; Thence south 35 1/2 east with Sprinkle's Southwest line, 356.7 vrs. to the southeast line of Freeman's tract which is R. L. Sprinkle's southwest corner; Thence south 52 1/2 west 158.2 vrs. to the place of beginning, containing 10 acres. That said lien was filed on said lease hold estate for oil and gas rights, said lease hold estate being known as the Wofford & Jackson lease, which was operated by Ben Wofford and M. M. Jackson under the firm name of Wofford & Jackson, as agents of these defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of \$500.00; plaintiff's damage in the sum of \$1818.09. Wherefore plaintiff prays that defendants be cited to appear and answer herein, and that it have judgment in favor of its Materialman's lien to satisfy said indebtedness of \$1818.09, together with costs of suit and such other relief as it may be justly entitled. Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Groesbeck, Texas, this 11th day of April, A. D., 1924. (Seal) JOHNSON WAKEFIELD, Clerk, District Court, Limestone County. ORDINANCE of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Kaufman Street, in the City of Mexia, for a part of the cost of improving said street, and fixing a time for hearing of the owners or agents of said owners of said property or of any person interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement of report of the City Engineer, and declaring an Emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 15th day of February, 1924, ordered the improvement of Kaufman Street from the North line of Sumpter Street North to the city limits, in the City of Mexia; and

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to the Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 23rd day of April, 1924, for the construction of said improvements;

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA: That the plans and specifications and report of statement of the City Engineer filed with the City Commission, describing the abutting property, and giving the names of property owners, and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourths of the cost of all other

improvements, against the owners of the property abutting thereon, and against their property, in accordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner on said street or the portion of said street named to be improved bears to the frontage of the whole property to be improved on said street; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said street or the portion of said street to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one fifth one year after said date, one fifth three years after said date, one fifth four years after said date, together with interest at the rate of eight per cent. per annum from the date of completion and acceptance of the improvement on said portion of said street named to be improved. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

The revival at the Baptist church is attracting large crowds. The morning services are held at 10 o'clock and the night services at 8. Many conversions have resulted from the eloquent and inspiring messages brought to the Mexia congregation by Rev. W. O. Barnett, pastor the Calvary Baptist church at Dallas. The public is invited.

The famous story of Robin Hood and his Maid Marian told anew for 20th century eyes. The splendid age of chivalry and romance brought forward 800 years and presented with the magnificent pomp and pageantry of medieval England.

BROTHER OF MEXIA
MAN WACO SCHOOL TRACK CAPTAIN

Cecil Crow, brother to E. L. Crow of this city, and who was a local visitor here Sunday, is winning quite a reputation as an athlete in the Waco High School, which he attends and where he is captain of the High School Track team. He is only 17 years old and has a bright future before him in this endeavor. Articles appearing in a Waco newspaper recently regarding his work are as follows:

Captain Cecil Crow of the Waco High track team gave the boys a race for their money at Carroll Field last Saturday. Crow has been at the work for quite a few years now, and with the passing of each season he improves greatly in his pole vaulting. Incidentally he vaulted 11 feet 7 inches to win first place in the class A lot.

Hancock was the runner up with Crow, but he had to fall back a notch or two and give the Waco lad the rope. Last year Hancock outvaulted Crow, but the Waco captain is better now than he was then and Hancock is like the old gray mare: "He ain't what he used to be."

On the vault for 11 feet 5 inches, Crow cleared the bar and handed the pole to Hancock. Hancock made two desperate attempts to go over and failed in both. On the third trial

the Marlin lad climbed the pole to clear the bar. It is against all rules to climb the pole, and thus committing a foul the honor for first place should have gone to Crow at the 11:5 height. The judges did not see the foul and Crow had to go over for 11:7. This time Hancock was unable to even climb over.

Mr. and Mrs. H. J. Hawk and children, Frances Helen and Annie Laurie, left this afternoon for Dallas. Mr. Hawk has served the Nowlin Post of the American Legion as Post Adjutant and as Sergeant at Arms and he and his family have won many friends while here. His native State is Penna. During the world war he served with credit and distinction in the 80th division, sustaining injuries which entitled him to Vocational Training. He will likely take Vocational Training while in Dallas. Following that he is not certain just where he will go, but states that he leaves with a warm feeling for Mexia and for Texas and Texans. They likewise bid him and his estimable family: "Good bye, good luck and God Bless you."

MY FAVORITE CAT

By PEARL ARNOLD

("My Favorite Cat" is an essay written by Pearl Arnold, a pupil in the Shiloh School, which was written for the Interscholastic league contests, and which won second place.)

My Favorite Pet.

My favorite pet was a large, black cat. He was extremely large for his kind. He was jet black in color and weighed ten pounds. I received him when he was a kitten from my grandfather. My mother paid one of my little cousins five cents to bring him to my home.

I was always a lover of cats, although I cared nothing for dogs. This cat had a great attraction for me, on account of his odd color. I named him "nigger," because he was so black. I grew to be extremely fond of this cat and he was very fond of me.

He learned many tricks as he grew older. Among these were some I thought very interesting. He learned to play ball with me. When we went to the table at meal time, Nigger was always there. He crawled under my chair and moved for something to eat. If I paid no attention to him, he would reach up and catch my dress in his claws and give it a pull. If this failed to attract my attention, he would stand on his hind feet, put his head in my lap and mew until I gave him a piece of bread.

This cat was also very useful. He kept the rats and mice away from the place. He caught many rabbits as we lived in the country and there were many rabbits. When he caught anything, he always brought it to the

house, as if he wanted to show it before he ate it.

Nigger was a very nice cat. He was also very particular about his food and the water he drank. He would not eat or drink water that was dirty. When he wanted water, he went to the shelf on which we kept the drinking water and mewed for someone to put him some water in his drinking pan, which we always kept near at hand. Nigger was also very particular about where he slept. He would not sleep on the floor. He always jumped into a chair to sleep.

I used to enjoy sitting in a chair or on the grass with my cat in my lap and reading. Many a lonesome evening have I sat with my book and cat and enjoyed myself for hours at a time. My mother used to tell me I would pet my cat until he would be so lazy he wouldn't be fit for anything, but this, I think, would have been impossible. No matter how much I petted him, he did not seem to get any lazier.

This cat was my favorite pet for over two years. One evening he left the house and started down through the pasture in his usual way. At supper time that night, he was not there. The next morning, he still was not there. I began to worry, for I was afraid I would never see him again and I was right. I have never seen him since. I certainly miss my old favorite pet. We now have another cat, but I have never been fond of a cat since my old favorite left.

SHRINE AFFAIR TO BE BIGGEST EVENT OF YEAR

The Mexia Shriners opened up headquarters for the big circus in Room 1, Farmers State Bank Building yesterday in the offices of E. L. Crow, president of the Shrine Club.

A corps of Shriners and young ladies are busy, making typewriters hum and answering the telephone. For this is no small affair and requires a good deal of executive work and individual efforts of the Shriners and the cooperation of the various business interests in the city to stage the affair and make it a gala week long to be remembered in Mexia and its territory.

A large canvas sign painted in bright colors is being made available and will be swung in front of the Farmers State Bank when this item reaches the press, directing all interested parties to Shrine Headquarters, which will be maintained from now until the circus day which opens with a mammoth parade and the parade committee expect to invite the participation of every firm and organization in Mexia.

The business of the Shriners is to make it one of the biggest advertising weeks in the history of the city.

Every live business firm in town will be given an opportunity to have a part in this advertising campaign and they will be visited by a Shrine committee in due time, but the undertaking is so large that the opening of Shrine Headquarters was necessary to allow every one an equal opportunity to call at headquarters and have the plan explained in detail and a thorough and competent headquarters force await the call of those interested, otherwise in the course of time, an effort will be made to reach every interested firm in the city.

Reports reaching the News today are that the scheme is being well received by a number of business houses who have already signified their willingness to co-operate in every way possible to make it a big week for Mexia.

Thursday, May 15th, is designated as Karem day, at which time several hundred Shriners with Karem Shrine land and patrol will invade the city and fill the streets with bright red fezes and large crowds are expected for this day as it will be a day's free entertainment to the general public.

Roy Leamon, secretary of the club has sent a letter of invitation to the Corsicana Shrine club inviting them to come to Mexia on any day other than Thursday, which will be designated as Corsicana Shriners day.

Other live organizations will be invited and encouraged to participate in introducing their organizations in any creditable manner suitable to their peculiar organizations.

Rotary, Lions, American Legion; all are invited to participate and are asked to get in touch with Shrine headquarters and submit their plans.

The local Elks Band under direction of Frank P. Werner, have been engaged to play for the entire week. Band concerts will be played on the streets daily.

THE WEATHER

East Texas.—Tonight partly cloudy, somewhat unsettled in east portion; cooler except on east coast. Wednesday partly cloudy and cooler in north-east.

West Texas.—Tonight fair and cooler. Wednesday fair and warmer.

INDIANAPOLIS, April 29.—Emmett F. Branch of Martinsville, lieutenant governor of Indiana, will become governor within forty eight hours, and Governor Warren T. McCray, convicted by a jury in the federal court, of using the mails to defraud, will resign, was made known today. McCray will not appeal the case, but will serve the sentence to be imposed upon him by Judge Anderson Wednesday morning. Plans are being made to take him to the federal prison at Atlanta on Thursday.

ADMINISTRATION OF WILSON IS ATTACKED BY GEOLOGIST

WASHINGTON, April 29.—The Wilson administration failed to protect fully the California naval oil reserves, Willard W. Coulter, geologist, charged before the Senate oil committee today. Before the republican administration came into office the government lost more than \$3,000,000 worth of oil by failing to drill proper offset wells in the California reserves, Coulter said. Adjoining Standard oil wells drained out the government oil from the reserves he contended.

Coolidge Charged With Pardoning Noted Character

WASHINGTON, April 29.—President Coolidge pardoned a Chicago saloon keeper charged with violating the Volstead act after the late President Harding twice denied clemency in the case, James A. Finch, pardon attorney in the Department of Justice, today told the Senate Daugherty investigating committee. Judge Kenesaw Mountain Landis, now base ball czar, who sentenced Philip Grossman, the saloonkeeper to a year in jail, was immediately subpoenaed by the committee.

McFall's Sister Is Now Under Physician's Eye

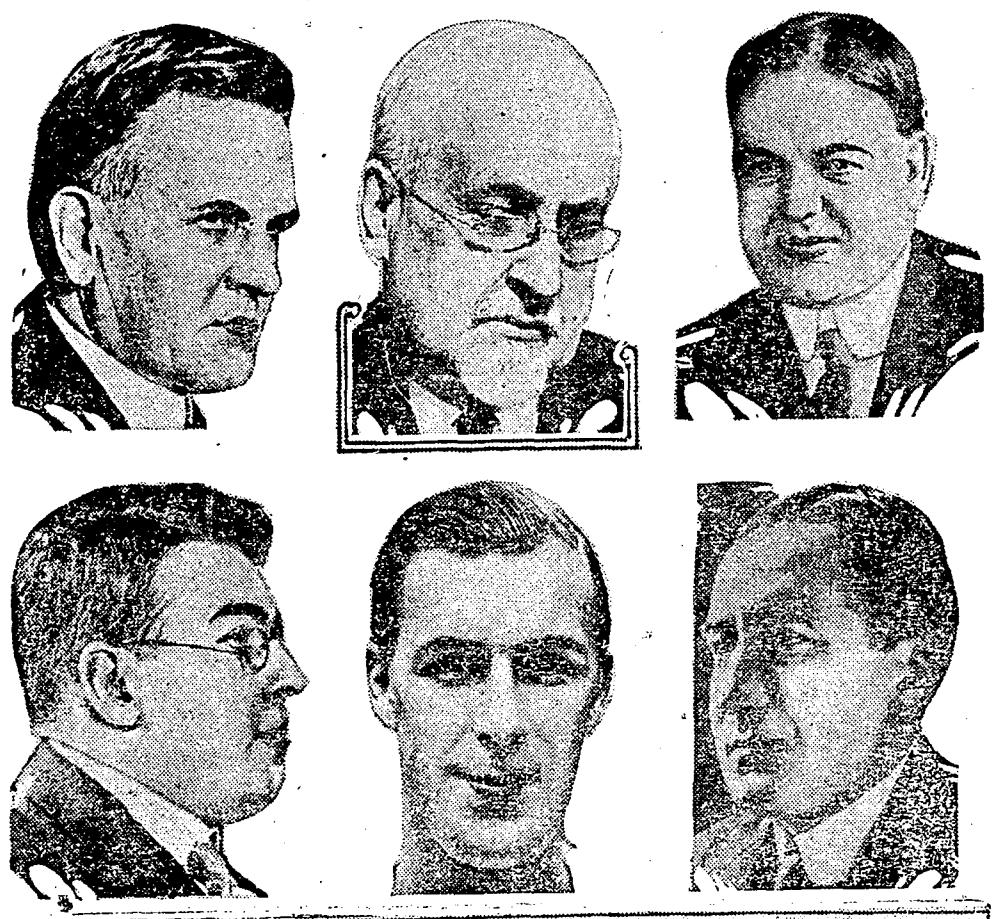

LOS ANGELES, April 29.—Mrs. Catherine S. Petty, 40, sister of former Secretary of the Interior Fall, is under observation by physicians today. Mrs. Petty was taken into custody after she was said to have flourished a pistol.

A most enjoyable family reunion was held Sunday in the new home of Mr. and Mrs. E. L. Crow on Ross Avenue. They entertained relatives of Mr. Crow from Waco. The party included Mr. and Mrs. A. J. Crow, parents; his brother, Cecil; another brother, N. P. Crow, wife and baby; and his sister, Mrs. Dick Elrad who was accompanied by her husband.

Judge G. A. Walters has returned from San Saba where he spent a week in court recently.

Joe Arrington and son, Oran, returned Monday night from Waco, Fort Worth and Dallas where they spent Monday on business.

CHIEF FIGURES IN THE NEWS OF THE DAY.

Above: IRVINE L. LENROOT, EDWARD F. LADD, and HERBERT HOOVER. Below: EDWARD A. RUMELY, WILLIAM T. TILDEN, and GUGLIELMO MARCONI.

Because of ill health, U. S. Senator Irvine L. Lenroot, Republican, of Wisconsin, has resigned as chairman of the Public Lands Committee, investigating oil leases, and has been succeeded by U. S. Senator S. F. Ladd, Republican insurgent, from North Dakota. Secretary of Commerce Herbert Hoover, before the House Merchant Marine Committee, urged rigid Federal regulation to prevent monopoly of radio, particularly in the distribution of broadcast material. Guglielmo Marconi, noted Italian inventor of radio, spoke in London to broadcast listeners to prevent monopoly of radio. President Coolidge has refused a pardon to Dr. Edward A. Rumely, purchaser, before the United States entered the World War, of the New York Mail, who was convicted of violating the Trading with the Enemy Act for failing to report details of the transaction. The Government alleging the money came from the Imperial German Government. William T. Tilden, world's champion tennis player, has been automatically barred from representing America in the Olympic games because he is a newspaper writer.

Big Delegation Of Shriners Are Expected Friday

In the midst of the circus campaign, the local Shriners are going ahead with plans to have their pre-ceremonial banquet at the Hurdleston Hotel, where they expect to entertain 150 Shriners and ladies Friday night, May 2nd, at which plans will be furthered for all Shrine activities in the city and the pilgrimage to Waco May 8th, at which time they expect to advertise circus week in Mexia extensively by displaying stickers on the 75 or 100 automobile caravan they expect to run from Mexia to Waco to attend the pring ceremonial of Karem Temple.

The Shriners of Mexia are turning every wheel in an effort to be a real factor in boosting and helping make a bigger and better Mexia. The success of the circus week, which is assured will give the Shriners an opportunity to show all Mexia what they can do by working as a unit. They are to be encouraged in all worthy efforts put forth by them.

Britisher Weds Rich American

ASHVILLE, N. C., April 29.—Two of the loveliest families in the United States and Great Britain were united here today with the marriage of John Francis Cecil and Miss Cornelia Vanderbilt. Cecil announced his resignation from the British diplomatic service before the ceremony, and after the honeymoon in Europe will return here to help the bride administer her vast estate.

Postmaster Isidore Newman states that there will be a civil service examination for postal clerks held at the Post Office here on May the 17th. Any interested may secure further particulars from him.

HARDY EUBANKS HEADS ROTARY FOR COMING YEAR

At a meeting of the new directors of the Mexia Rotary club, held Monday afternoon, announcement is made that the following officers were elected who will be installed at the meeting this week:

Hardy Eubanks, president. Ike Keyes, vice president. J. W. Elliott, secretary. Jack Womack, treasurer. Dick Wagner, sergeant at arms. Hardy Eubanks succeeds Albert H. Berry as president. Both hold 100 per cent attendance records.

J. W. Elliott of the Texas Company succeeds Ben Stollenwerk as secretary. Dick Wagner succeeds Fred Karner as Sergeant at Arms.

It is announced that the luncheon this Thursday will be held at the Texas Cafe in the Hurdleston Hotel building. Next week the luncheon will be Wednesday.

HOPE ABANDONED FOR 110 MINERS TRAPPED IN MINE

BENWOOD, W. Va., April 29.—No hope was held out today for the rescue alive of 110 miners entombed in the Benwood Hill mine of the Wheeling Steel Corporation, by a terrific gas explosion that tore down the mine supports, letting loose tens of earth on the entombed men. Officials of the mine said it would be a miracle if any of the miners escape alive. Twenty two crushed and burned bodies were brought to the surface at dawn today from the workings.

Poultry Experts In Mexia to Aid Interested Folks

For the first time Poultry raisers, and those who are interested in poultry raising in Mexia, and vicinity, have the opportunity of securing the services of real experienced women who have been and are still raising poultry. These women through years of study, and years of actual experience have gained knowledge of poultry which the average person only gets through experimenting and very often very expensive experimenting at that.

Just this past year there were eggs sold in Mexia that were shipped here from the state of Kansas. This happens practically every year. Texas did not produce as many eggs last year as Texas people consumed. Is it any wonder that they are high during the winter months? Although eggs are now seemingly cheap selling at 20c and 25c per dozen, judging the future by the past they will be 60c to 70c next winter.

It has been proven at our Agricultural College and by a few poultry raisers near Mexia, that with the proper care and feeding chickens will lay during the winter months.

The Tidwell Feed and Fuel Company by a special arrangement with the Furina Mills have secured the services of Miss Clark and Miss Scoggins for the poultry raisers of this vicinity. These ladies will gladly go to any place in Mexia or any place within five miles of Mexia and help you in any way they can with your poultry, absolutely free. If you want to cull out the undesirable hens from your flock, select the best eggs for setting purposes, make your baby chicks grow faster, plan the care and feeding of your chickens so they will lay more eggs during the months when they are highest, these ladies are here to help you and their services are free.

Mr. Tidwell states that a free educational picture will be shown at one of the local theatres soon. This picture is very interesting and instructive and will be well worth seeing. The date of its showing will be advertised in this paper.

Four Mammoth Tanks Burn And Still Sweeping

TAFT, Calif., April 29.—Fire, sweeping four mammoth oil tanks of the General Petroleum Corporation here caused damage of \$300,000.00. More than 120,000 barrels of oil in the tanks when the blaze started.

Oil Companies on Trial For Anti-Trust Violations

AUSTIN, Texas, April 29.—Hearing is on before a special commissioner here in the cases brought by the attorney general against the Gulf Production company, the Texas company and the Producers Oil and Refining company charging violation of anti-trust laws. The state contends the oil companies entered into agreements with retailers of gasoline and lubricants to furnish them with pump equipment in return for exclusive sale of the companies' products. Such agreements, it was maintained, were in restraint of interstate trade.

National Bank Can Act As Executor

WASHINGTON, April 29.—A national bank cannot be denied the privilege of exercising trust powers by the laws of a state, the supreme court has ruled. Decision was handed down in the case of the Burns National bank of St. Joseph, Mo., which had been prohibited from acting as an executor under Missouri laws by the Missouri supreme court. The bank appealed on grounds that national banks, operating under federal statutes could not be regulated in this respect by state laws.

REVOLUTIONISTS CAPTURE

TEGUCIGALAPA, HONDURAS. WASHINGTON, April 29.—Revolutionists have entered Tegucigalapa, capital of Honduras, according to word received at the State department. Dispatches from American Minister Morales stated that severe fighting occurred in the streets of the city. The revolutionists are in possession of the capital. Americans were reported safe.

Light Vote Is Predicted In Elections Today

COLUMBUS, Ohio, April 29.—A light vote is forecast in Ohio's primary today as the voters went to the polls to indicate their preference for republican and democratic nominees for president. Interest in the primary centered on the contest between Former Governor James M. Cox and William G. McAdoo on the democratic ballot, with Cox, a native son having the edge. President Coolidge is picked to win over his opponent, Hiram Johnson, by an easy majority on the republican ticket.

TEXAS BOUNDARY SUIT TO OPEN IN EL PASO MAY 5TH

AUSTIN, Texas, April 29.—The taking of additional testimony in reopening the New Mexico-Texas boundary suit will start in El Paso May 5th, Attorney General W. A. Keeling announced. The hearing will be conducted by the attorney general.

Texas Oil Promoter Goes Leavenworth

MILWAUKEE, Wis., April 29.—Edwin C. Kingsbury, Fort Worth, Texas, oil promoter, must serve two years and six months in Leavenworth penitentiary, and pay a \$5,000 fine. Kingsbury was sentenced here by Federal Judge F. A. Geiger after pleading guilty to charges of conspiracy in misusing the mails in sale of oil stocks in Wisconsin.

NATIONAL GUARD OFFICERS CONFERRING

SAN ANTONIO, Texas, April 29.—Major John A. Hulen, Houston, commanding 36th division, Texas National Guard and Adjutant General T. D. Barton, arrived here today for a conference with officers of the Eighth corps area, U. S. army, relative to national guard matters.

T. E. L. CLASS PLANS OUTING NEXT TUESDAY AFTERNOON AT REUNION GROUNDS NEAR MEXIA

Miss Catharine McGrail announced that the T. E. L. Class of the First Baptist Sunday School will hold a Mother's Day Picnic at the Reunion Grounds next Tuesday afternoon.

The members of the class will entertain their mothers and all other ladies in the city who have reached the age of 60 years.

They plan to make the affair one of the most enjoyable in the history of Mexia mothers. Miss McGrail is arranging for transportation for everyone who attends and volunteers are called for to furnish automobiles for the attendants. There will probably be between 200 and 250 present.

The road to the Reunion Ground will be open and automobiles may journey to the picnic spot the usual route. The outing is looked forward to with much pleasure by the class.

as the mamimum membership of the class is more than 80. Miss McGrail urges the mothers of Mexia and the ladies of the city of 60 and above to be sure and accept the invitation. Mother's Day Sunday is the Sunday following the picnic date.

The picnic will begin at 2:00 o'clock in the afternoon and will continue until 6:30 or 7:00 o'clock. Miss McGrail states that the transportation committees will see that all who desire, get home before nightfall. An old fashioned basket picnic will be enjoyed and an informal good time had by all. The T. E. L. class is composed of young mothers of the Baptist church Sunday school.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

The Duke of Northumberland, editor of the London Post, one of the greatest conservative papers in Great Britain, asserts that England made a mistake when it joined the League of Nations. He asserts that "the settlement of Europe was delayed for many weeks in order to incorporate the covenant in the peace treaty," and that "the great powers embarked on the scheme in which few, if any, had any real faith." He ridicules the theory that the League is founded on the principle of equality—that each nation has one vote, that Ecuador is the equal of Great Britain. He denounces such a condition as absurd and a lie. The Duke of Northumberland boldly declares that the peace of Europe is only possible when Great Britain has the most powerful army and navy in the world.

NEW ROTARY OFFICIALS

Hardy Eubanks is the New Rotary President. According to the custom of the club, no President can succeed himself. It is a one term job and for that reason, the honored officer usually gives to Rotary and to public service the best that he can command. The motto of Rotary International is "Service Above Self" and naturally the president of such an organization should be an outstanding leader who practices the precepts of Rotary in this respect.

The directors, therefore, have acted wisely in choosing that 100 per cent Rotarian, Hardy A. Eubanks to succeed other 100 per cent Rotarians, Albert H. Berry. Their initials, as will be seen, are the same but different. Their attendance records are the same and an inspiration to all Rotarians.

Any leader of any organization or any enterprise must first be sold a proposition before he can sell it to the other fellow and both the outgoing and incoming President of Rotary has been sold the ideals of Rotary and therein the club has had a most successful past history which will be continued throughout the coming twelve months.

The club is to be congratulated for its wise choice of all new officials. They in turn have been greatly honored and whatever good Rotary accomplished for Mexia the coming year will be due in no small way to the influence and activity of these men and genuine Rotarians.

They are entitled to the 100 per cent cooperation of the entire membership. Give them that, Mr. Rotarian, and Rotary will be a benediction to the best city in the world.

Ross, Edward H.—The Social Trend. "Professor Ross is both entertaining and instructive on such subjects as immigration the changing position of women, philanthropy, prohibition, labor legislature and war, or the social

usefulness of lawyers and experts." Hammond, John Hays.—The Engineer. The purpose of this book is to make clear to the young man who is interested in engineering the advantages and short-comings of the profession and what determines his mental and temperamental fitness for it. The mechanical, electrical, mining, civil, chemical, military and marine branches are taken up in details with special attention to the opportunities in each.

Croft, Terrell.—American Electricians Hand Book. In compiling this book the aim has been to collect such information as will enable practical electrical men—wiremen, contractors, linemen, small plant superintendents, operators and construction engineers—to select and install commercial, electrical apparatus and materials intelligently for the performance of given services and to qualify them for operating the equipment after it has been installed.

Field, Webster Bard.—Architectural Drawing.—An effort has been made in the preparation of this book to provide for the student those things which are of fundamental importance in his initial study of architectural drawing. Though prepared primarily for the student, it will be invaluable to any one who deals with architectural work. It will enable the artisan in any of the building trades to read the drawings and take off the quantities of his work for estimation purposes and then execute the work without being dependent on another for interpretation of the drawings.

For view of the controversy raging in the churches, religious books have taken a leap forward in popular interest. In order that each side of the question may be represented, we have added to our shelves books by the two authors who may be termed the leading exponents of the two sides of the discussion.

A good use for old newspapers, says a wise housewife, is to make fire kindlers of them, by wetting them thoroughly, rolling them tight with a slight wringing motion, and letting them dry, the result being something like a stick about ten inches long. Many northern housewives do not buy any lightwood at all, because they are able to supply their needs in this way. It is good to know that, no matter how bad a newspaper may be, per se, it might, at least, be made to serve a useful purpose in this way.—Bryan Eagle.

A great fight is brewing for control

of the state democratic convention and unless the people who want to see the true democratic principles carried out attend the precinct conventions Saturday and select the right kind of representatives to the county convention, the control of the state convention will very likely be held by those who are out of harmony with the spirit of Texas democracy.—Groesbeck Journal.

Things to Forget.

"If you see a tall fellow ahead of a crowd,
A leader of men, marching fearless and proud,
And you know a tale whose mere telling aloud
Would cause his proud head in anguish to be bowed,
It's a pretty good plan to forget it.

If you know of a skeleton hidden away,
In a closet, and guarded, and kept from the day,
In the dark; and whose showing, whose sudden display,
Would cause grief and sorrow and life long dismay,
It's a pretty good plan to forget it.

If you now of things that will darken the joy,
Of a man or woman, a girl or a boy,
That will wipe out a smile, or the least way annoy,
A fellow, or cause any gladness to cloy,
It's a pretty good plan to forget it.
—Exchange.

A word which, though now uncomplimentary, was once quite the reverse is conceited, which meant full of ideas or originality.

W. W. HISTORY CLUB HOLDS MEETING FRIDAY

The Willing Workers History club held its meeting Friday. The house was called to order by the president, Pauline Parker. As the secretary was absent the minutes were not read. The business was that Saturday we were going on a picnic to Wright's tank. The program committee, Helen Ward, took charge. The program was as follows:

Texas Monday turn to shrine of heroes of San Jacinto Battle.—Parley Lain.
Life of Sam Houston.—Evelyn Knoff.
That Young Leader.—Darwin Walton.
San Jacinto Foreshadowed.—Gathright Henderson.
Texas Crowned with a Single Star of Glory.—Ellen Speer.
Reading—"Tom Boy."—Pauline Parker.
Chicago Fire Believed Work Incendiary.—Lorena Cox.
This concludes the program and they elected a new president, Parley Lain.

Railroads are vehemently asserting that the "farmer pays the freight only one way." He certainly has to pay the freight on his wheat to Liverpool, because he has to sell it there for what the foreign farmers will take for theirs after paying the freight. Then he has to pay freight on the goods which he buys and which must be carried to him. The farmer pays all right for nobody is handing it to the railroads and they are not in business for the glory.

PROPERTY VALUATION OF SIXTEEN TEXAS BAPTIST SCHOOLS IS \$9,000,000

DALLAS, Texas, April 29.—There are sixteen schools in Texas under the control of the Baptist General Convention of Texas including the professional schools of the State, having a total property valuation and endowment of \$9,466,742.18. Dr. F. S. Groner, general secretary of executive board of the Convention reports, this amount approximately \$1,250,000 is endowment. The schools have doubled their property values since the opening of the Baptist 75 Million Campaign in 1919. At that time the property of the schools was valued at \$4,022,579.48 with endowment totaling \$931,000.

There are twelve schools in Texas under Baptist control at the beginning of the campaign, including the schools of medicine and dentistry of Baylor University, located in Dallas. Since that time the schools, of pharmacy and nursing have been established under the direction of Baylor University.

There are more than 8,000 students enrolled in the Baptist schools of this State this year while at the outset of the campaign denominational institutions registered 6,200 students. The number of ministerial students in Texas Baptist schools in 1924 is 623 and in 1919 the number was 416. There are 606 volunteers for special service

in addition to the ministerial students this year, including a large number of those who plan to enter service in foreign fields. In 1919, 195 persons were preparing for foreign service. The faculties of the schools are composed of a total of approximately 317 persons while five years ago the number was 216.

The value of the Texas denominational institutions controlled by the Baptists is as follows: Baylor University at Waco, \$1,910,737.44; Baylor Medical College, Dallas, \$2,092,385.24; Baylor Female College, Belton, \$1,323,732.27; Burleson College, Greenville, \$179,646.67; College of Marshall, Mar-

shall, \$338,538.46; Decatur College, Decatur, \$150,000; Rusk College, Rusk, \$157,000; San Marcos Academy, San Marcos, \$360,773.03; Southwestern Baptist Theological Seminary, Fort Worth, \$1,576,400.56; Wayland College, Plainview, \$385,528.46; and Simmons College, Abilene, \$950,000.

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn thru it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famous harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.—(Adv.)

Few Folks Have Gray Hair Now

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—(Adv.)

ROAD TO GROESBECK OVER PAVING BASE IS NOW OPEN

The road to Groesbeck was opened Sunday to traffic and travel. This week sometime, it is expected that the Uvalde Paving Company will begin pouring the asphalt, which will transform the road for almost five miles into a pavement like the streets of Mexico. The road will remain open as far as the Pershing Way until that point is reached, so parties to the reunion grounds, will be glad to learn this as well as the usual travel.

Officers Capture 2nd Still of Week

Deputy Sheriff Jack Bradley, McKensie and Goodman, accompanied by County Attorney Scott Reed captured a still about one and one-half miles south of Oleta Sunday morning about 11 o'clock. The still, according to the officers making the raid, was of about 60 gallon capacity and was one of the most complete equipments for the manufacture of the illicit beverage that they have captured in some time. About one gallon of corn whiskey contained in two one-half gallon jars, was taken officers reported. With the still was three barrels of mash and three sacks of sprouted barley or rye. No one was captured at the still but a party reported to own the still was taken about 12 o'clock Sunday night after a chase by the officers. This makes the second still taken by the officers during the week just past.

Add Driving To The Curriculum

SAN MARCOS, Texas, April 26.—Two of the most unique courses to be offered in the coming summer session of the Southwest Texas State Teachers College are those of automobile electricity and automobile shop work.

The laboratories for this work are now housed in a commodious brick building, which has been erected recently. Orders have been placed during the past month for fully \$1,000 worth of new equipment. With this addition to an equipment which is already considered excellent, the Teachers College will possess automobile shops second to none in this part of the State.

Students who take the courses mentioned above will have the advantage of being under instructors who are practical mechanics, one of whom spent several months during the war as a teacher of electrical work in the government school at Camp Mabry.

These courses given this summer in automobile shop work, since they cover a period of twelve weeks from June 3 to August 23, will thoroughly ground the average student in auto repair work. Although these courses are designed primarily to benefit physics and manual training teachers, they may be taken to advantage by those who desire to follow automobile mechanics as a profession.

DALLAS, Texas, April 29.—Dallas society folk will be seen in a fashionable riding show here soon.

Elaborate plans for an exhibition of fancy riding, polo games and a steeple chase by members of the Dallas Bridle and Saddle club are under way, according to Otto Herold, president.

"The club members are already training their mounts for the show," Herold said, "and dates will be announced soon. It will be the first exhibition of its kind in Texas."

The Dallas Bridle and Saddle club, with ninety-two members, was organized by aristocratic horse-lovers of Highland park, fashionable suburb. Forty blue-blooded horses, many of them show-winners, are put through their paces in Mocking Bird lane daily by club members and trainers.

The club boasts a jumping course, a three-quarter mile track and a steeple chase course of four and a half miles. It is said to be the finest riding club in the South.

BABE RUTH BEGINNING TO GROW UP

By HENRY L. FARRTL (United Press Sports Editor)

NEW YORK, April 28.—He's beginning to grow up now and he's in shape. You just watch him to this year," Millere Huggins, manager of the New York Yankees, said when asked about the Babe's prospects for the 1924 season.

"Ruth always will be a boy at heart," he said. "He wouldn't be what he is if he had lost the enthusiasm, the temperament or the viewpoint of a youth. He's getting more serious now about his future, and that is what I meant by saying that he is beginning to grow up."

Up until last year the Babe acted like a boy who didn't realize that the land of plenty, in which he was living, was not permanent. He had plenty of money and he spent it all on friends who were eager to help him in the spending.

In the parlance of Broadway, he was a "check-grabber." He wouldn't understand why he should not be permitted to pay all the freight and be a good fellow when he was on parties with the gang. He found himself broke, saw himself in the light of a sucker and he quit it.

After he had fought Jack Dempsey in Shelby last summer and failed to get a cent for staying fifteen rounds with the world's champion, a friend

THE SURRENDERED CHECK

In these days and times, when most people pay their bills with checks on the bank, there is much less lawing and going to court. "I have my 'surrendered check' to prove that I paid it" is the defense a man makes when he would dispute an account.

The surrendered check—the check returned by the bank to the one who drew it, is a BETTER BOOKKEEPING record than the majority of men have; the surrendered check is often the real proof in establishments which do keep their books.

PRENDERGAST-SMITH NATIONAL BANK

Since 1882—The Old Reliable

remarked to Tommy Gibbons that it was hard luck on him.

"It's not my bad luck," Gibbons replied, "it's bad luck for my wife and my three little boys. It would have been their money, not mine. I have enough to take care of myself, but it is my duty to provide for them."

The Babe didn't say anything like that last fall, but he did something that meant just as much. When the season closed he called Harry Heilman star Detroit outfielder, who had beaten him out for the American League batting championship.

"Take out the old papers, Harry, I want to buy some insurance."

When he is not working at baseball, Heilman is an insurance salesman, and a good one, too. He drew out the application blank and Babe said: "Gimme one for \$50,000."

As might be expected, he passed the physical examination and was accepted by the company for the full amount of the application.

When the policy had been turned over to him, the Babe let out a big sigh and said: "Now, I feel a whole lot better. There's sure to be something for the wife and little Dorothy when I leave."

That, perhaps, was one of the demonstrations that Ruth gave his manager as the symptoms of growing up.

Investigators assert that if the United States were to lower its immigration restrictions, two-thirds of the population of Europe would be looking for America in six months. It is stated that 500,000 Greeks desire to emigrate to America and the consular offices are besieged day after day by men, women and children, waiting their turn to sail for this country when the quotas were opened.

In Stockholm, Sweden, people live almost exclusively in flats.

Patterson's Column

I really am a busy man yet like to frolic when I can. So when my wife admonished me to try more sociable to be, I straightway followed other dubs and bought a bunch of golfing clubs. I took them out upon the links among a lot of other ginks and placed my ball upon the tee—and made hole one in ninety-three.

Now I am strong for any game that looks like sport and ain't too tame, but when a man who's sixfeet three or four and weighs as much as me—picks on a one inch rubber ball to cuss and clout and slam about, it seems like foolishness, that's all.

STILL FELLOWS WOULDN'T IT BE FUN TO MAKE A HOLE SOME DAY IN "ONE."

Eggs are very plentiful and very cheap, but hotel and restaurant men evidently refuse to read the newspapers.

DON'T OFFER EXCUSES

The boy or girl who is always conscious of their pimply, blotchy, inflamed or rough skin, and really drawing more attention to it when they keep making excuses for not looking good, don't get any sympathy because folks now know that it is not necessary to keep putting up

with this sort of thing. Since the wonderful Black and White Ointment was introduced in this country a short time ago, thousands of people who had been troubled with these skin ailments for years are now happy, because they find it gets rid of them so quickly. Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the liberal 25c size. All dealers have it.—(Adv.)

FOR BOYS OR GIRLS A \$55.00 BICYCLE FREE

In The Mexia Daily New's 1924 Campaign

Collect no money in city—our special collectors will attend to that. Bicycles delivered as soon as subscriptions to the Daily News have been received and approved.

No Limit to the Number of Bicycles to Be Given Away--Every Boy and Girl Can Win One

Not A Contest

Don't confuse this subscription campaign with a contest. You don't have to get more subscriptions than some other boy or girl to earn your Bicycle. There is no lottery about it. Just get new subscriptions for The Daily News for 12 months each, and the Bicycle is yours. Could any proposition be fairer? There is no need to wait longer. You want the Bicycle, and the sooner you begin work the sooner you earn it. Begin now.

PAY NO MONEY! COLLECT NO MONEY!

In Mexia—Outside of City Send Cash.

After you get your subscription book, all you have to do is to get signatures from your friends and neighbors that they are willing to have The Daily News delivered at their homes every day for 12 months. All you have to do is to send in the orders as fast as they are signed. You get your Bicycle as soon as your subscription book is filled and the orders are verified.

HOW AND WHEN

Twenty-five subscriptions for 12 months must be obtained for the Daily News. These subscriptions must start at once. These subscriptions are for new subscribers—people who are not now receiving The News. Any boy or girl can enter this campaign. Get your subscription blanks and start at once. Be one of the first in and get your bicycle.

B-O-Y-S-!

You fellows who have always wanted a Bicycle—just think of the long vacation days bike hiking on your bicycle—think of the many ways in which you can earn real money when you have a regular bicycle. Now is your chance. You can easily get one of these \$55.00 brand new completely equipped Bicycles.

START AT ONCE!

G-I-R-L-S-!

Remember that the beautiful Bicycles for girls is also fully equipped. Don't let the boys get all of these bicycles. You can have just as much fun with a Bicycle as they do.

DEAR MOTHERS AND DADS:

Remember when you were youngsters how you longed for a real bicycle? Your youngsters are longing for a bicycle now, and they can get one, the very finest kind that money can buy.

Just read the offer on this page and see what a wonderful opportunity this is for your boy or girl, to win a \$55 Bicycle at no cost—they collect no money—pay no money. No red tape, bicycle delivered promptly when The News subscriptions are secured and verified.

With your help and guidance it will be possible for them to possess the finest bicycle obtainable. Teach them perseverance—see that they make a certain number of calls each day in their canvass for new subscribers. Keep them at it—success in this undertaking will help them succeed in later life. Help them by asking your friends to subscribe. You know how The News serves you with up-to-the-minute, dependable world news and opinion—now recommend it to your friends, and let them enjoy it, too. Then that child of yours will win. Send in that coupon today and let us furnish your boy or girl with the material necessary to success.

How To Start:—

Apply at The News for your subscription book and instructions, sign and bring the coupon with you or mail it in and we will send a subscription book and instructions to you by mail.

Conditions of the Bicycle Campaign

The subscription must be secured for 12 months and turned into the Circulation Department of The News for verification and acceptance. In Mexia boys and girls will not have to collect subscription money, simply secure the signature of prospective subscriber, and turn this in to the city circulation department.

No age limit is set, just so long as the boy or girl has not reached voting age, for this is a campaign purely and simply for boys and girls. The Bicycle is available in three sizes—this applies to wheels for both sex.

Each winner will be presented with his or her bicycle immediately after verification of the subscriptions.

This is copy of agreement the subscribers sign. You do not collect any money. The subscriber pays our special collector each month in advance or 3, 6 or 12 months as they want. The subscriber must sign their own name and address and then you sign your name on the line below the address. Don't save your orders up but bring them in to the office each day. This form is for Mexia subscribers who receive paper thru carrier boy:

Marlin Bathers began a series of three games with the Corsicana Oilers at Corsicana Monday.

The Bathers are stinging from the effects of three consecutive defeats, this season and they ought to give the Oilers a tough time of it.

There must undoubtedly have been a good deal of action in the game Saturday at Austin. Thirty hits should keep the players stepping around some.

Peel started the Gushers off in good fashion last Saturday. If the rest of the Gushers twirlers do as well considering their experience the club should get up near the top in the race before the season gets very old.

Brakes Relined By Machinery
Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.
Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.
All you have to do is to take your bands off and bring them in and we furnish the rivets and put them on free of charge.

EDITOR GETS IN BAD

An Oklahoma editor, just about ready to go to press, "pied" a couple of articles, one concerning a public sale and the other a write-up of a wedding. He asked the office devil to get the two together—and he did. Here is how he put the two together, and the mixture was not known to the editor until an angry preacher and the mother of the bride appeared on the scene:

"William Smith and Miss Lucy Anderson were disposed of at public auction at my barn one mile east of a beautiful cluster of roses on her breast and two white calves before a background of farm implements too numerous to mention in the presence of about seventy guests including two milk cows, six mules and bob sled. Rev. Jackson tied the municipal knot with 200 feet of hay rope; the bridal couple left on one John Deere gang plow for an extended trip with terms to suit the purchaser. They will be at home to their friends with one good wheel barrow and a few kitchen utensils, after ten months from date of sale, to responsible parties and some 50 chickens."—Ex.

ORDINANCE of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Kaufman Street, in the City of Mexia, for a part of the cost of improving said street, and fixing a time for hearing of the owners or agents of said owners of said property or of any person interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an Emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 15th day of February, 1924, ordered the improvement of Kaufman Street from the North line of Sumpter Street North to the city limits, in the City of Mexia; and

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 23rd day of April, 1924, for the construction of said improvements;

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA: That the plans and specifications and report or statement of the City Engineer, describing the abutting property and giving the names of property owners, and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourths of the cost of all other

improvements, against the owners of the property abutting thereon, and against their property, in accordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner on said street or the portion of said street named to be improved bears to the frontage of the whole property to be improved on said street; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said street or the portion of said street to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement.

That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one-fifth one year after said date, one-fifth two years after said date, and one-fifth four years after said date, together with interest at the rate of eight per cent. per annum from the date of completion and acceptance of the improvement on said portion of said street named to be improved. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

The revival at the Baptist church is attracting large crowds. The morning services are held at 10 o'clock and the night services at 8. Many conversions have resulted from the eloquent and inspiring messages brought to the Mexia congregation by Rev. W. O. Barnett, pastor the Calvary Baptist church at Dallas. The public is invited.

The famous story of Robin Hood and his Maid Marian told anew for 20th century eyes. The splendid age of chivalry and romance brought forward 800 years and presented with the magnificent pomp and pageantry of medieval England.

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Commission of the City of Mexia, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, which said hearing shall be had on the 9th day of May, 1924, at 8 o'clock p. m., in the City Hall in the City of Mexia, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or any other matter or thing in connection therewith, or to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sums or sums may be determined by the City Commission to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia.

BROTHER OF MEXIA MAN WACO SCHOOL TRACK CAPTAIN

Cecil Crow, brother to E. L. Crow of this city, and who was a local visitor here Sunday, is winning quite a reputation as an athlete in the Waco High School, which he attends and where he is captain of the High School Track team. He is only 17 years old and has a bright future before him in this endeavor. Articles appearing in a Waco newspaper recently regarding his work are as follows:

Captain Cecil Crow of the Waco High track team gave the boys a race for their money at Carroll Field last Saturday. Crow has been at the work for quite a few years now, and with the passing of each season he improves greatly in his pole vaulting. Incidentally he vaulted 11 feet 7 inches to win first place in the class A lot. Hancock was the runner up with Crow, but he had to fall back a notch or two and give the Waco lad the rope. Last year Hancock outvaulted Crow, but the Waco captain is better now than he was then and Hancock is like the old gray mare: "He ain't what he used to be."

On the vault for 11 feet 5 inches, Crow cleared the bar and handed the pole to Hancock. Hancock made two desperate attempts to go over and failed in both. On the third trial

the Marlin lad climbed the pole to clear the bar. It is against all rules to climb the pole, and thus committing a foul the honor for first place should have gone to Crow at the 11:5 height. The judges did not see the foul and Crow had to go over for 11:7. This time Hancock was unable to even climb over.

Mr. and Mrs. H. J. Hawk and children, Frances Helen and Annie Laurie, left this afternoon for Dallas. Mr. Hawk has served the Nowlin Post of the American Legion as Post Adjutant and as Sergeant at Arms and he and his family have won many friends while here. His native State is Penn. During the world war he served with credit and distinction in the 80th division, sustaining injuries which entitled him to Vocational Training. He will likely take Vocational Training while in Dallas. Following that he is not certain just where he will go, but states that he leaves with a warm feeling for Mexia and for Texas and Texans. They likewise bid him and his estimable family: "Good bye, good luck and God Bless you."

MY FAVORITE CAT

By PEARL ARNOLD

"My Favorite Cat" is an essay written by Pearl Arnold, a pupil in the Shiloh School, which was written for the Interscholastic league contests, and which won second place.)

My Favorite Pet.

My favorite pet was a large, black cat. He was extremely large for his kind. He was jet black in color and weighed ten pounds. I received him when he was a kitten from my grandfather. My mother paid one of my little cousins five cents to bring him to my home.

I was always a lover of cats, although I cared nothing for dogs. This cat had a great attraction for me, on account of his odd color. I named him "nigger," because he was so black. I grew to be extremely fond of this cat and he was very fond of me.

He learned many tricks as he grew older. Among these were some I thought very interesting. He learned to play ball with me. When we went to the table at meal time, Nigger was always there. He crawled under my chair and mewed for something to eat.

If I paid no attention to him, he would reach up and catch my dress in his claws and give it a pull. If this failed to attract my attention, he would stand on his hind feet, put his head in my lap and mew until I gave him a piece of bread.

This cat was also very useful. He kept the rats and mice away from the place. He caught many rabbits as we lived in the country and there were many rabbits. When he caught anything, he always brought it to the

house, as if he wanted to show it before he ate it.

Nigger was a very nice cat. He was also very particular about his food and the water he drank. He would not eat or drink water that was dirty. When he wanted water, he went to the shelf on which we kept the drinking water and mewed for someone to put him some water in his drinking pan, which we always kept near at hand. Nigger was also very particular about where he slept. He would not sleep on the floor. He always jumped into a chair to sleep.

I used to enjoy sitting in a chair or on the grass with my cat in my lap and reading. Many a lonesome evening have I sat with my book and cat and enjoyed myself for hours at a time. My mother used to tell me I would pet my cat until he would be so lazy he wouldn't be fit for anything, but this, I think, would have been impossible. No matter how much I petted him, he did not seem to get any lazier.

This cat was my favorite pet for over two years. One evening he left the house and started down through the pasture in his usual way. At supper time that night, he was not there. The next morning, he still was not there. I began to worry, for I was afraid I would never see him again and I was right. I have never seen him since. I certainly miss my old favorite pet. We now have another cat, but I have never been fond of a cat since my old favorite left.
